DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Sunday, 21 January 2024 at 05:26 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Storm Isha will bring very windy and wet conditions across the UK today, with Low levels of air pollution persisting.

Tomorrow: Staying unsettled and remaining windy for many with blustery showers on Monday, which will help maintain Low levels of air pollution.

Outlook: The unsettled and often mild weather conditions will continue, with further strong winds and spells of rain. This will help disperse any air pollutants with levels remaining Low throughout.
